

JULY 2016

Warrior Golf Assets

Friday Nine and Dines

In concurring the local market, Lakota has implemented a series of Friday Nine and Dine events to increase local participation. With the first events starting in May and dates stemming well into September, Lakota has created an easy stream of revenue that allows for flexibility for its members and its staff.

Weddings and Events

The scenery and ambiance of the Ranch cannot be denied. As the golf course grows, the backdrop of greenery provides an excellent space for both large scale weddings and intimate gatherings.

We offer our congratulations to our most recently wedded couple Daria and Jarron who were married at the Ranch on June, 11, 2016.

Lakota Canyon Ranch - Mark Weber, July 2, 2016.

Lakota Canyon Ranch

Under the guidance of new manager, Patric Flinn, Lakota Canyon Ranch has created quite the buzz in the surrounding community of New Castle. Patric's management has been a positive force and the resulting benefits to the club include; staff standardization, increased tee time utilization, and a local rapport to increase membership and players cards sales.

Superintendent Brian Pemberton has consistently maintained the course in top condition. It is no secret that Lakota is regarded as the best golf layout in the western slope region and was again recognized in March 2016 as one of Golfweek's top 10 courses in Colorado.
