Holiday Party Promos

Bos Landen has been promoting the use of the clubhouse for upcoming Holiday Parties. It is never too early to book parties in advance and Bos Landen has been on top of taking advantage of all upcoming festivities including the Winter Season, the Fall Pella Harvest Festival, and promoting a day free from crowds during the Iowa State Fair this upcoming August.

League Play

As Iowa's #1 public course, Bos Landen enjoys a successful Summer Men's and Women's League. This weekly play brings in steady traffic and increases event sales and word-of-mouth networking for Bos Landen. Coupled with the July Specials, the course has seen an increase of rave reviews and has debuted as a premiere wedding and event venue. With so many resources for their event space, Bos Landen anticipates huge growth in this sector of their business in the upcoming holiday season.

Sip N Paint Rio Vista - July 14, 2016.

Big Changes at Rio Vista

With the installation of new General Manager, Marcus Patterson, at the Golf Club at Rio Vista, we anticipate great changes coming for the club. Not only is it on track to outperform previous years, but the Golf Club at Rio Vista is setting itself up for an outstanding 2017.

In addition to a new general manager, Rio Vista will soon boast a new and invigorated Food and Beverage management team to help assist in the sale of large scale weddings, corporate events, and golf tournaments. We hope to aid our new staff in cultivating a bigger picture for the event space at Rio Vista and we look forward to their input and new ideas to expand on our current client base.

With these big changes, Rio Vista is introducing more weekly programs to increase awareness of these major staff changes among the Rio Vista community. We hope to create a lasting relationship between our managing staff and the homeowners of the surrounding area.
